MOST BEAUTIFUL ATLANTANS 2007

While the definition of beauty varies depending on who you ask, we believe beauty is the combination of a host of characteristics: a charitable nature and a signature smile, a regal presence and an inspirational story. JEZEBEL interviewed countless good-looking-and-doing locals to bring you the best: The 50 Most Beautiful Atlantans. With a golden ratio of inner radiance, breathtaking looks, unbelievable smarts and selflessness, these women and men simply have it all.
